## **Track Access for Chassis/Engine Agents & Manufacturers**

Kart chassis agents/teams wishing to use Dubai Kartdrome as the venue prior to hiring out any karts must meet David Bright and sign an MOU before being able to use the circuit for any chassis or engine manufacturer testing or promotion.

It is forbidden to sell and trade any kart parts, clothing merchandise or food on the premises unless otherwise agreed in the above mentioned MOU.

## Track Access Steps

1. First time Kart Owner/drivers need to attend drivers briefing before accessing the circuit, which takes only a few minutes and they must also review all flags as displayed at the Kartdrome. Explicitly all participants must read and sign the disclaimer before going out on track.
2. In the case of Bambino drivers they are not permitted on the track with IAME/Rotax or any other more powerful kart for safety reasons.
3. Always check kart owner's availability on **04 806-2-230 (dial #4)**. Corporate events and peak arrive and drive will always take priority and track access will be restricted or limited on weekends and public holidays particularly in peak months. Our Winter Timings:

<b>Monday to Thursday</b>	<b>9am – 9pm</b>
<b>Friday</b>	<b>9am – 7pm</b>
<b>Saturday and Public Holidays</b>	<b>9am – 4pm</b>
<b>Sunday</b>	<b>9am – 11:00am BAMBINO (subject to availability)</b> <b>11:00am – 4pm OTHER KART OWNERS</b>

4. Upon arrival Kart Owners must check in at reception with their registration or membership card to sign on and pay the track access fees for any none gold members.
5. The Owner Driver may then put his kart in the pit garage and have the wrist band and PAID TEST Sticker verified by the track coordinator.
6. Test sessions will be announced through using a RED and GREEN flag placed on the Start/Finish Post in pit lane. Green means that track is open for testing, Red means sessions are closed.
7. Owner Drivers should communicate with track coordinators who will plan the test sessions. During off peak times alternate Owner Driver and Arrive and Drive sessions will be planned. During peak times Owner driver sessions may be limited to one 15min session per hour, so it's important to be ready when the track is 'green'.
8. Owner Drivers on track should return to pits immediate after receiving the chequered flag irrespective of how long or how many laps they have completed.
9. Kart owner should always raise their hand, prior to entering the pit entrance, to let others know your intentions to slow down and enter pit lane.
10. No speeding in the pit lane. Anything other than 'Walking Pace' will be classed as speeding. Drive through the pits at walking speed and be alert to anybody walking in the pit lane as the person may not be aware of your intentions.
